

TASK is an outdoor portable light with LED technology. It has a fun design that is reminiscent of a mushroom and has a leather handle to facilitate its transport. The light, which is projected indirectly, is warm and can be regulated in three intensities. As it is portable, it is recharged with a mini USB cable (included) and its autonomy depends on consumption: - 100% intensity 6 hours of autonomy. - 40% intensity 15 hours autonomy. - 10% intensity 80 hours autonomy. Complete charging time is 4 - 5 hours and in order to put it outside, it is important to cover the USB closure with the protector.

General characteristics

Fixation	Table
Type	III
IP	54
voltage	5V DC
Switch type	Touch
Type of load	DC5V-1A
included battery	Yes. 6h
Power	2W

Material

Body/Structure	Aluminium
Diffuser	PC

Finish

Body/Structure	Matt White
Diffuser	Opal

Lighting characteristics

Light source included	Yes
Temperature	3000K
LM	263lm
CRI	>=80
Dimmable light source	YES
Intensities	16lm / 103lm / 263lm
Light direction	Ambient lighting
Energy classification	G

Driver

Requires Driver	Yes
-----------------	-----

Additional Information

Type of charging cable included	USB-C
